Furniture

- Lay down plastic sheeting or a pallet between furniture and storage unit floor.
- Cover all furniture.
- Disassemble if possible.
- Wrap table legs with packing paper as scratch protection.
- Lay assembled tables top down on floor with legs pointing up.
- Stack chairs seat-to-seat with cloth or paper separating them.

Metal

- Wipe a few drops of oil on bicycles and tools as rust protector. To avoid oil staining, do not store next to exposed items.

Breakables

- Separately wrap before storing in dish pack.
- Pack paper into bottom, top and empty spaces in carton.
- Tip plates, saucers and bowls on their sides and use dish pack divider kit for increased security.
- Heavy items should not be stored on top of breakables.
- Labeling is doubly important.

Book & Valuable Papers

- File boxes are the best idea for your important documents.
- Pack books flat and fill any empty space to stop movement.
- Avoid over-filling cartons; books are heavy.
- Keep moisture free with plastic sheeting on top of pallets

Large Appliances & Equipment

- Moisture and mildew will damage your valuables if your refrigerator or freezer is not clean and dry. Leave door slightly ajar.
- Use valuable storage space inside appliances for small items.
- Items stored on top or inside must be secured when moving.

Clothing

- Wardrobe boxes allow you to store your clothing on hangers which save the shape of the garments.
- Cedar eggs or rose pods keep fabrics smelling fresh.
